Company Introduction

ZEEWELD

Welcome to the family of ZEEWELD

ZeeWeld is a newly established company in 2023, with its owner having 12 years of experience in the welding machine field. The company is specializing for thermoplastic welding machine from product design, production, improvement and after sale service. We adhere to the slogan of "Quality and Service First," and the company has been maintaining partnerships with suppliers for 12 years to ensure stable product quality and timely parts supply.

We give a high priority to customer proximity with a wide range of different products that closely meet market requirements.

C Series Semi-auto Butt Fusion Welding Machine

Technical Parameters

Model	ZH355C1/C2
Fusion Range	160 180 200 225 250 280 315 355mm
Option Size of Inserts	90/110/125/140mm
Ambient Temp.	-5°C ~ 40 °C
Working Voltage	220VAC±10%, 50Hz, 1P+N+PE
Max Working Pressure	8MPa
Max Temp. of Heating Plate	270 °C
Total Power	6.55 KW
Including : Heating Plate	3.3 KW
Milling Tool	2.5 KW
Hydraulic Unit	0.75 KW
Total Section of Cylinders	20.02 CM ²
Packing Size of Model C	
Basic Frame	820*620*675 mm
Milling Tool/Heating Plate	660*640*755 mm
Hydraulic Unit	660*490*530 mm
G.W.	248 KGS

C Series Semi-auto Butt Fusion Welding Machine

Technical Parameters

Model	ZH400C1/C2
Fusion Range	250 280 315 355 400mm
Option Size of Inserts	180 200 225mm
Ambient Temp.	-5°C ~ 40 °C
Working Voltage	380VAC±10%, 50Hz, 3P+N+PE
Max Working Pressure	8 MPa
Max Temp. of Heating Plate	270 °C
Total Power	9.1 KW
Including : Heating Plate	6.5 KW
Milling Tool	1.5 KW
Hydraulic Unit	1.1 KW
Total Section of Cylinders	22.38 CM ²
Packing Size of Model C	
Basic Frame	1160*880*770 mm
Milling Tool/Heating Plate	890*570*930 mm
Hydraulic Unit	660*490*530 mm
G.W.	358 KGS

C Series Semi-auto Butt Fusion Welding Machine

Technical Parameters

Model	ZH450C1/C2
Fusion Range	280 315 355 400 450mm
Option Size of Inserts	180 200 225 250mm
Ambient Temp.	-5°C ~ 40 °C
Working Voltage	380VAC±10%, 50Hz, 3P+N+PE
Max Working Pressure	8 MPa
Max Temp. of Heating Plate	270 °C
Total Power	9.1 KW
Including : Heating Plate	6.5 KW
Milling Tool	1.5 KW
Hydraulic Unit	1.1 KW
Total Section of Cylinders	22.38 CM ²
